

SPONSORS & PARTNERS

Fund the Infrastructure. Show the Impact.

RescueNet360 helps connect shelters, rescues, pet owners, and regional partners through one coordinated animal welfare network. Sponsors help bring this infrastructure to the communities they serve.

WHY SPONSORSHIP MATTERS

This Is Local Impact People See.

Animal welfare teams need more than awareness. They need working infrastructure.

When sponsors support RescueNet360, they help fund the systems that move information faster, strengthen reunification, support shelters and rescues, and give communities a better way to respond when animals are lost, displaced, or at risk.

REGIONAL MODEL

Your Support Works Where Animals Live.

RescueNet360 is built around regional deployment. A regional sponsor helps bring the network to a specific community, county, metro area, or service region.

This gives sponsors visible local impact tied to real animal welfare outcomes.

WAYS TO GET INVOLVED

Sponsorship Options

Regional network underwriting

Help launch RescueNet360 in a specific region.

Shelter support sponsorship

Help fund access, onboarding, and operational support for shelter partners.

Rescue support sponsorship

Help keep RescueNet360 free for rescues and support better placement coordination.

Community pet protection

Support pet registration, lost and found awareness, disaster readiness, and public education.

Event and awareness partnerships

Partner on adoption events, registration drives, shelter campaigns, and community outreach.

Ready to Bring RescueNet360 to Your Region?

Let's talk about your community, your goals, and the kind of impact your organization wants to support.
